

Dear Prospective Course Participant,

We are pleased to present the registration form for expressing your interest in participating free of charge in the 51st Online Course in Climate Time Series Analysis. This course is offered by Climate Risk Analysis, and the course fees are fully covered by Advanced Climate Risk Education for participants from institutions in developing or economically disadvantaged countries.

Please complete the sections highlighted in green (items marked with an asterisk * are mandatory). We kindly ask you to rename the file, and if necessary, append additional pages. Once completed, please submit the document as a single PDF to 51st-onlinecourse@acre.blue. Next steps: participants for positively forms will be invited to sign a final registration form. We expect to be able to fund three free places.

Thank you for your interest!

Best regards,
Dr. Manfred Mudelsee, Managing Director, Advanced Climate Risk Education
